# Read Me: ZIP-Archive

ORACLE TECHNOLOGY

Build a reproducible Oracle Database sandbox environment from design to implementation with Oracle Database 19c Enterprise Edition, VirtualBox, and Oracle Linux. Apply the same method to other non-production environments.

This ZIP-archive contains the sources accompanying the OMTCO publication:

*How to Build an Oracle Database Non-Production Sandbox Environment: A Step-by-Step Guide from Design to Implementation.*

Archive scope: The PDF copies of selected web pages, manuals, and licensing documents preserve source provenance for the September 2026 update. The ZIP does not itself supply software installation binaries or substitute for current Oracle license terms, download conditions, release guidance, or verification of software integrity.

Date of publication: 25 January 2025 (updated 15 September 2026).

Authors: Matthieu SIMONNET and Uttam PANDA

# Content of the ZIP File:

# Folder 00_Read_Me

**ReadMe_Archive.pdf**

File: ReadMe_Archive.pdf

This read-me file describes the archive structure, archived source materials, retrieval dates, and original source locations.

Reference in publication: Chapter 7, *Download the Publication Package ZIP-File*. This read-me file serves as the inventory of archived sources and accompanying materials.

Date: Version accompanying the September 2026 update.

From: Generated by OMTCO.

# Folder 01_Licensing_and_Terms

**Oracle Database 19c Licensing Information User Manual**

File: Oracle_Database_19c_Licensing_Information_User_Manual_Retrieved_2026-09.pdf

Reference in document: Oracle Database edition, Multitenant/PDB, Option, and Management Pack licensing information relevant to statements made in the publication.

Date: August 2026, document E94254-69.

From: https://docs.oracle.com/en/database/oracle/oracle-database/19/dblic/

**Oracle Technology Network (OTN) Developer License Terms - Standard License**

File: Oracle_OTN_Developer_License_Terms_2014-09-09.pdf

Reference in publication: Chapter 1, Note about Licensing (Link reference #03), concerning Oracle Technology Network (OTN) Developer License Terms.

Date: Last updated 09 September 2014.

From: https://www.oracle.com/downloads/licenses/standard-license.html

**Oracle VirtualBox Licensing Information User Manual for Release 7.1**

File: Oracle_VirtualBox_7.1_Licensing_Information_User_Manual_2024-09.pdf

Reference in document: Oracle VirtualBox licensing information for Release 7.1, including licensing information applicable to Oracle VirtualBox components used in the reference environment described in this publication.

Date: September 2024, document F98130-01.

From: https://docs.oracle.com/en/virtualization/virtualbox/7.1/licensing/

# Folder 02_Oracle_VirtualBox

**Oracle VirtualBox 7.1.6 Archive**

File: Oracle_VirtualBox_7.1.6_Archive_Retrieved_2026-09.pdf

Reference in publication: Oracle VirtualBox 7.1.6 release archive used for the worked sandbox implementation and its reproducible installation procedure. The archived release is not presented as the recommended release for new deployments.

Date: Retrieved 17 September 2026.

From: https://download.virtualbox.org/virtualbox/7.1.6/

**About Oracle VirtualBox**

File: Oracle_VirtualBox_About_Retrieved_2026-09-15.pdf

Reference in document: Oracle VirtualBox architecture, host and guest concepts, base package, Guest Additions, and optional Extension Pack.

Date: Retrieved 15 September 2026.

From: https://www.virtualbox.org/manual/topics/Introduction.html

**Oracle VirtualBox Downloads**

File: Oracle_VirtualBox_Downloads_Retrieved_2026-09-15.pdf

Reference in document: Oracle VirtualBox download page, platform packages, User Guide links, and Extension Pack information.

Date: Retrieved 15 September 2026.

From: https://www.virtualbox.org/wiki/Downloads

**Oracle VirtualBox User Guide for Release 7.1**

File: Oracle_VirtualBox_User_Guide_Release_7.1.pdf

Reference in document: Oracle VirtualBox 7.1.6 installation, virtual-machine creation and configuration, storage, networking, and related VirtualBox functions used in the reference implementation.

Date: Release 7.1 documentation; includes the VirtualBox 7.1.6 change log dated 21 January 2025.

From: https://download.virtualbox.org/virtualbox/7.1.6/UserManual.pdf

# Folder 03_Oracle_Linux

**Oracle Linux 7 Installation Guide**

File: Oracle_Linux_7_Installation_Guide_Retrieved_2026-09.pdf

Reference in document: Oracle Linux 7.9 installation requirements and operating-system configuration used to prepare the virtual machine for Oracle Database.

Date: December 2024, document E54695-29.

From: https://docs.oracle.com/en/operating-systems/oracle-linux/7/install/

**Oracle Linux Downloads**

File: Oracle_Linux_Downloads_Retrieved_2026-09-15.pdf

Reference in document: Oracle Linux download options used to identify the installation media required for the reference environment.

Date: Retrieved 15 September 2026.

From: https://yum.oracle.com/oracle-linux-downloads.html

**Oracle Linux Installation Media**

File: Oracle_Linux_Installation_Media_Retrieved_2026-09-15.pdf

Reference in document: Oracle Linux ISO installation media used in the operating-system installation procedure.

Date: Retrieved 15 September 2026.

From: https://yum.oracle.com/oracle-linux-isos.html

**Oracle Linux**

File: Oracle_Linux_Page_Retrieved_2026-09-15.pdf

Reference in document: Oracle Linux product page and entry point to Oracle Linux downloads.

Date: Retrieved 15 September 2026.

From: https://www.oracle.com/linux/

**Oracle Linux x86-64 ISO Release List**

File: Oracle_Linux_x86_64_ISO_Release_List_Retrieved_2026-09-15.pdf

Reference in document: Selection of the Oracle Linux 7.9 x86-64 installation media used in the reference procedure.

Date: Retrieved 15 September 2026.

From: https://yum.oracle.com/oracle-linux-isos.html#content-1

# Folder 04_Oracle_Database

**Oracle Database 19c Database Installation Guide for Linux**

File: Oracle_Database_19c_Installation_Guide_for_Linux_Retrieved_2026-09.pdf

Reference in document: Oracle Database 19c prerequisites, preinstallation requirements, installation-owner configuration, Oracle directories, software installation, and database creation activities documented in the publication.

Date: September 2026, document E96432-52.

From: https://docs.oracle.com/en/database/oracle/oracle-database/19/ladbi/

**Oracle Database Software Downloads**

File: Oracle_Database_Software_Downloads_Retrieved_2026-09-15.pdf

Reference in document: Oracle Database 19c Enterprise Edition software download options, including the Linux x86-64 distribution used in the reference implementation.

Date: Retrieved 15 September 2026.

From: https://www.oracle.com/database/technologies/oracle-database-software-downloads.html

**Oracle Database Technologies**

File: Oracle_Database_Technologies_Retrieved_2026-09-15.pdf

Reference in document: Oracle Database product and documentation portal shown in the database download procedure.

Date: Retrieved 15 September 2026.

From: https://www.oracle.com/database/technologies/

# Folder 05_External_Links

**Link References**

File: External_Links.pdf

Content: Register of 23 external links used in the publication, numbered #01 to #23 in order of first appearance. Each entry includes the reference number, the description used in the publication, and the corresponding official URL.

Reference in publication: Chapters 1 to 4 and Chapter 7, Download the Publication Package ZIP-File. A citation such as *Link reference #04* identifies the matching entry in External_Links.pdf.

Date: Version accompanying this publication edition.

From: Compiled by OMTCO from Oracle and VirtualBox sources.

# Folder 06_Publication_Images

**Publication Images in High Resolution**

Content: High-resolution diagrams and screenshots reproduced in the publication, organized in the two subfolders listed below.

- Diagrams — architecture diagrams, graphics, decision trees, workflows, and other authored technical exhibits reproduced in the publication.
- Screenshots — all screenshots reproduced in the publication, including software download pages, installation steps, virtual-machine settings, operating-system configuration, database deployment, and verification.

Files: PNG filenames identify the exhibit number and its subject. The exhibit number follows the corresponding publication edition.

Reference in publication: Figure and screenshot exhibits throughout the Sandbox / Learning implementation and the broader non-production methodology.

Content coverage: The Diagrams and Screenshots subfolders contain the PNG diagrams and all screenshots reproduced in the publication. Tables created directly in Microsoft Word are not separate image files. Exhibit counts and numbering correspond to the publication edition supplied with the archive.

Date: Version accompanying the September 2026 update.
