Oracle Linux Installation Media

Open all

This page contains the ISO images for the three most recent updates to Oracle Linux releases. Since 2006, Oracle Linux has been completely free to download and use. Free source code, binaries, and updates. Freely redistributable. Free for production use.

There are several kinds of ISO images:

- Full ISO: contains everything needed to boot a system and install Oracle Linux.
- UEK Boot ISO: contains everything that is required to boot a system with Unbreakable Enterprise Kernel (UEK) and start an installation
- Boot ISO: contains everything that is required to boot a system with Red Hat compatible kernel (RHCK) and start an installation

- Source ISO: contains sources for the packages included in Full ISO.

Find out below how to verify the integrity of these downloads, how to install Oracle Linux, including from USB, and where to find unofficial download mirror sites.
